

**BARRETT**  
HOSPITAL FOUNDATION

*Annual Report 2022*

*Looking Forward  
Giving Back*

# From the Executive Director

## *To our loyal supporters:*

I compose my remarks with gratitude for your generosity and trust. It was a year of many changes, and we are eager to share them with you in this annual report.

We welcomed Chief Executive Officer, Taylor Rose to Barrett Hospital & HealthCare and to our Board of Directors in September 2022. Taylor's leadership in healthcare management, serving at hospitals in Montana, Washington, and Utah made him the best candidate to navigate the exciting opportunities and challenges on the horizon. We welcomed Mary Ann Nicholas and Cody Meine to our board. Both are long-time residents of Dillon with strong business backgrounds. Their combined experience will be integral in long-term planning and development for the foundation.

Barrett Hospital & HealthCare celebrated 100 years of healthcare excellence with a grand anniversary celebration in August. Over this historic century, private contributions have provided crucial funding for modernization of equipment, programs, and services. This past year, you have entrusted the foundation with your financial resources, facilitating the purchase of 33.9% of all capital equipment for the hospital and clinic. Your continued philanthropy will advance local healthcare through the next century. Thank you, for making Barrett Hospital Foundation your priority and for sharing our vision.

*Brooke Zell*

# Our mission

is to engage and steward healthcare philanthropy, funds, services and programs to enhance Barrett Hospital & HealthCare, ensuring continuous healthcare excellence for our community.

*Pharmacy - 2 Automated Medication Dispensing Cabinets - \$10,000 (Pioneer Federal Savings & Loan)*

*Walking Trail - Botanical Plant Labels - \$1,200 (MT Urban & Community Forestry Association)*

# Trish Garnick

*Although my husband and I have been skiing together for almost 30 years, I had never been taken off the ski hill in a sled until the Bridger Bowl ski patrol brought me down the mountain on December 20, 2022. Since there were no spaces available in any Bozeman rehabilitation facility, the hospitalist highly recommended Barrett Hospital for my rehabilitation. I arrived at the Barrett Hospital Rehabilitation Center with two cracks in my pelvis and limited ability to use my legs. The compassionate care I received from the competent interdisciplinary team for two weeks lifted my spirits. With the expertise of the physical therapist and occupational therapist, I used my crutches to walk the halls and witness the many contributions from foundation donors. The dietician-prescribed protein-based diet and the tasty food delivered and prepared by the pleasant cook team helped my pelvis mend. The hospitalists, nurses, nurse assistants and case manager's willingness to help me during this healing process was exceptional. I will be forever grateful for the skills I learned and have recommended the Barrett Hospital Rehabilitation program to my Bozeman community.*

*With gratitude for the OUTSTANDING care and service received,*

*Trish Holly Garnick*

## Sky & Tara Jones

*The team that helped us welcome our daughter, Endee Ray Jones, into the world January 25 by planned c-section was incredible. The day of delivery, the mood in the OR was light-hearted and joyful. Classic Beatles hits filled the room: Hey Jude, Here Comes the Sun, Golden Slumbers, and And I Love Her. There were open lines of communication as everything was explained in advance and all our questions answered quickly and thoroughly. We felt welcomed, at home, and well cared for. We knew we were in excellent hands. Everyone from the doctors, nurses, CNAs, record keeping staff, to the housekeepers and dietary aids; each person we interacted with during our stay was professional, friendly, kind, thoughtful, and caring. They reassured us when we expressed worry and celebrated our joys right along with us. We are deeply grateful for the broad support to Barrett Hospital Foundation so families like ours can continue to be well served in rural Montana.*

*With deepest gratitude,*

*Sky, Tara, Murdoch, and Endee Jones*

*2022 marked Barrett Hospital & HealthCare's 100 year anniversary of healthcare excellence. A grand celebration and community barbeque was held on August 20th.*

*Over these 100 years, private contributions have allowed Barrett Hospital & HealthCare to evolve and grow into a dynamic critical access hospital.*

*Barrett Hospital Foundation began operating in an official capacity in 1989 to secure crucial funding to support programs and services for Southwestern Montana's growing population.*

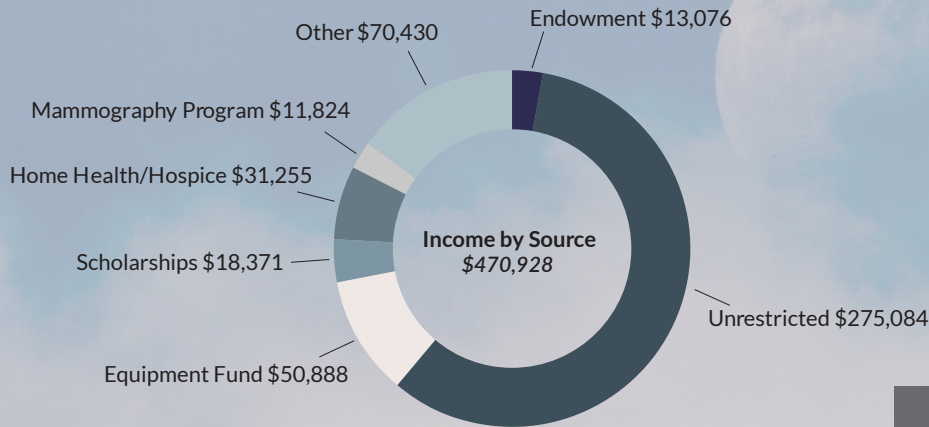

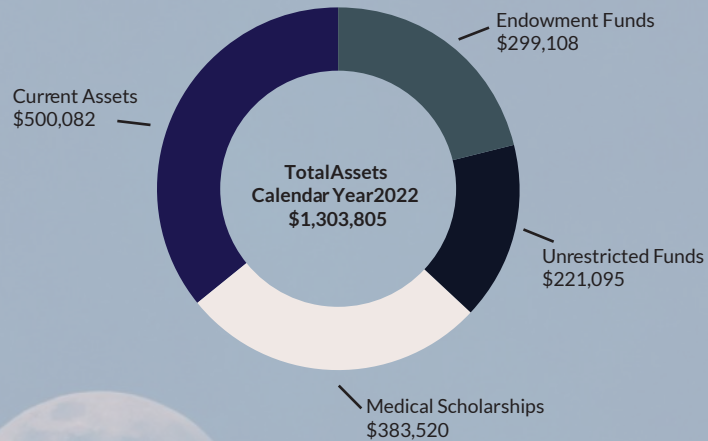

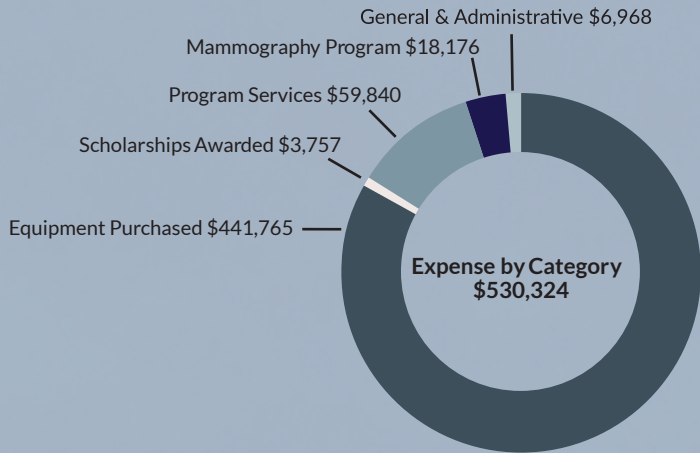

# Dig Pink Night

*Beaverhead County High School Lady Beaver Volleyball Team hosted Dig Pink on October 20th, raising \$5,106.50 for Barrett Hospital & HealthCare's Southwestern Montana Mammography Program.*

*With support from the Dillon community, this team provided access to life-saving breast health services!*

# Income and Expenses

# Heart *of* Barrett

## *Heart of Barrett Employee Compassion Fund*

*was established in 2022 to assist Barrett Hospital & HealthCare employees experiencing emergent financial hardships.*

*The funds are available to qualifying individuals during times of sudden, urgent, unforeseen circumstances requiring immediate action. Employees, employers, and Barrett Hospital Foundation donors may contribute to the Employee Compassion Fund.*

*Gifts in honorarium create a meaningful tribute and relay gratitude to a special healthcare provider.*

# Buck Moon Gala

The full moon in July is called the Buck Moon because the antlers of male deer are in full-growth mode at this time. This full moon is a supermoon, meaning its orbit brings it closer to the Earth than any other full moon. This buck supermoon is the biggest and brightest full moon of the year.
